

DURABILIDAD Y DIVERSIDAD AL CONSTRUIR

Aluzinc ESTRELLA

otorga ilimitadas posibilidades de soluciones para techos, divisiones interiores y cierres exteriores para instalaciones residenciales, comerciales e industriales. Es un material de alta durabilidad, no combustible, resistente a las termitas, fragmentaciones, dobleces y deformaciones. Un producto desarrollado para soportar las inclemencias del tiempo.

DURABILITY AND QUALITY IN CONSTRUCTION

Aluzinc ESTRELLA lends itself to innovative designs that include roofing and walling in residential, commercial and industrial applications. One of the most advanced roofing materials in the world, it resists chipping, peeling and cracking. It's also non-combustible, termite resistant, provides secure protection against harsh weather conditions.

COLORES

Disponemos de una existencia permanente de ocho colores incluyendo el tradicional natural, pudiendo preparar un color especial a una cantidad considerable.
